

How to activate your college account

You can create your student login details from 4 weeks before your course start date. Your student login details are used for all college systems including the Welcome Portal, Teams, and MyCollege Zone.

Please note that once you have enrolled, you may need to wait up to 24 hours before you can do this.

If you need help activating your account please [create a ticket](https://www.stcgasklrc.com/create-ticket) on the AskLRC Help Centre <https://www.stcgasklrc.com/create-ticket>.

A **video version** of these instructions is available here: <https://www.stcgasklrc.com/activate>

Step 1 Go to the Welcome Portal website: <https://my.stcg.ac.uk> and sign in with the details below to set up your account.

Your user name will be your college email address, which will look like this:

Your student ID number@student.stcg.ac.uk

A screenshot of the Microsoft Sign in page. At the top is the Microsoft logo. Below it is the text 'Sign in'. There is a text input field containing the email address '12345678@student.stcg.ac.uk'. Below the input field are two links: 'No account? Create one!' and 'Can't access your account?'. At the bottom are two buttons: 'Back' and 'Next'.

Make sure you use your own student number and not the one shown in the picture.

You can find your student ID number on your college enrolment emails / letters or on the front of your college ID card.

Your first-time password uses the following format: **PassDDMMYYYY**

DDMMYYYY will be your **date of birth**, so for example, if you were born on 12th April 2002 your password would be **Pass12042002**

You must use a capital **P** and then lower case for the other letters.

Step 2 Change your password.

A screenshot of a Microsoft account password update page. At the top is the Microsoft logo and the email address 'studentoffice3652@student.stcg.ac.uk'. The heading is 'Update your password'. Below it, a message states: 'You need to update your password because this is the first time you are signing in, or because your password has expired.' There are three input fields: 'Current password', 'New password', and 'Confirm password'. A blue 'Sign in' button is at the bottom right.

Your current password will be

PassDDMMYYYY

(using your date of birth instead of DDMMYYYY)

Create a new password, following the rules below.

Confirm your password by typing it again.

Click Sign in when you are ready.

Password Rules:

Your new password must contain all of the following:

- Must be at least 10 letters long
- Must be a mix of CAPITAL letters and small letters
- Must include a number or a symbol such as ! or ?

Your password **MUST NOT** include:

- Your first name or surname
- Your date of birth or college student number
- Be too common or easy to guess (you will be asked to try again if it is)

Step 3 Set up your account security.

A screenshot of a 'More information required' message box. It says 'Your organization needs more information to keep your account secure'. There are three links: 'Skip for now (14 days until this is required)', 'Use a different account', and 'Learn more'. A blue 'Next' button is at the bottom right, highlighted with a red rectangle.

You will then see this message.

- Click on Next
- Use the instructions [HERE](#)

Step 4 Go through the Welcome Portal content

Welcome Portal - <https://my.stcg.ac.uk>

Need Help?

If you have any problems activating your college account, setting up MFA or using your college systems please create a ticket on the AskLRC Help Centre.
